

# Time Management That Works

## By Anndelle Lee

Decide with Confidence

### INTRODUCTION

Time Management is an important and critical aspect of work-life. Many busy executives often find themselves strapped of time and burdened with increasing workloads, leading to job dissatisfaction and other undesirable outcomes. What many fail to realize is that these impossible 'workloads' are in fact the result of ineffective time and resource management.

This course is designed specifically to help participants understand the fundamentals of time management, and how it can help them greatly in their work. They will get to assess the problem areas in their current work situation, analyze their potential shortfalls, as well as to learn a host of time management strategies that will help them become more effective and efficient workers.

### LEARNING OBJECTIVES

On completing this program, participants will:

- Identify and assess the problem areas in the management of their time
- Identify strategies to overcome these problem areas
- Learn to use the Time Management Matrix
- Learn prioritizing skills
- Develop systems and solutions that can be adapted to meet their needs
- Understand the value of effective time management and how it can enhance their lives

### COURSE OUTLINE

#### The Fundamentals of Time Management

- The challenges of effective time management
- Time management is really self-management
